4. HAGENAU (T24), 8-9 November 1949

a. There are no barracks facilities in the town. Armored troops are in buildings placed in woods adjoining the airport. Three buildings are occupied by about 400 men each. Four other buildings are windowless and empty. Two large hangars were closed, but marks of tracked vehicles were seen near them, while four T-34/85's were observed at the southwest edge of the field. According to a local peasant, these troops have occupied the airport for a quarter of a year.

b. There are no SAF units at the field. Single-engine aircraft were stationed there temporarily during 1948.
